tract term ("Standards") and to actively work toward achieving LED products that meet the Standards; 2) if the contractor achieves any LED products that meet the Standards, the City shall have the right to purchase that product from the contractor at or below the price of another like LED product that meet the Standards; 3) if the contractor offers a product meeting the Standards, but a like LED product is available from another supplier at a lower price, and the contractor does not at least meet the lower price, the City may purchase that product meeting the Standards from the other supplier; and 4) if the City determines that a LED product meeting the Standards is available for purchase in the marketplace and the contractor does not have a like LED product, the City shall have the right to purchase the LED product(s) meeting the Standards from another supplier.

Notwithstanding any Codified Ordinance to the contrary, 1) each bid shall be accompanied by a bid bond signed by a surety company authorized to do business in Ohio, or by a cashier's check or certified check on a solvent bank, which bond or check shall be five percent (5%) of the amount of the bid for the estimated purchases during the first term year of the contract and shall be given as security that if its bid is accepted, the bidder will enter into a contract and properly secure its performance; and 2) upon execution of the contract, the contractor shall furnish a performance bond or other irrevocable security acceptable to the Director of Law in an amount equal to at least twenty-five percent (25%) of the bid amount for the City's estimated purchases during the first term year of the contract and shall maintain a performance bond or security in that amount in effect during each term year of the contract.

Section 2. That the cost of the contract shall be charged against the proper appropriation accounts and the Director of Finance shall certify the amount of the initial purchase, which purchase, together with all later purchases, shall be made on order of the Commissioner of Purchases and Supplies under a requisition against the contract or contracts certified by the Director of Finance.

Section 3. That the authority to enter into contract under this ordinance shall expire eighteen months after the effective date of this ordinance, excluding any period of time that the City is prevented from proceeding with competitive bidding or entering into a contract for LED products under this ordinance for any reason outside of the control of the City, its officers or employees. **If the City is prevented from proceeding with competitive bidding or entering into a contract for LED products under this ordinance due to a reason outside the control of the City, its officers or employees, the Director of Finance shall notify Council.**

Section 4. That this ordinance is declared to be an emergency measure and, provided it receives the affirmative vote of two-thirds of all the members elected to Council, it shall take effect and be in force immediately upon its passage and approval by the Mayor; otherwise it shall take effect and be in force from and after the earliest period allowed by law.
